The Governor and the Democratic leadership in the New York State Legislature want to make abortion less safe and more expansive than it is now. They've promised to enact the so-called "Reproductive Health Act" early in 2019. This bill would:

- *Allow non-doctors to perform abortions.
- *Allow abortions for any reason in the third trimester of pregnancy right up to a mother's due date.
- *Remove all criminal penalties for abortion, even if it was contrary to the mother's choice, such as the intentional targeting of an unborn child in an act of violence.
- *Remove our state's protections for infants accidentally born alive in the course of an abortion.

This extremism goes far beyond *Roe vs. Wade*!

Take Action Now

Pro-life New Yorkers need to stand up in unison and make their voices heard on behalf of women and their unborn children. Tell your state lawmakers that enough is enough.

Here's a simple way to do this. Go to the New York State Catholic Conference website at www.nyscatholic.org. Click on "Stop Abortion Expansion." Enter your home address information, then select "Send Message." Your message will automatically be sent to your State Senator, State Assembly Representative and the Governor.
